- * May 29th, 30th and 31st -
- * On-floor instruction
- * Video breakdown
- * Handouts, material and information that will improve your officiating at any level

This clinic has always been a fun and rewarding experience for all that attend. All games are officiated using 3 - person mechanics with emphasis on play calling, positioning and rotation. Game management and communication with players and partners is emphasized. It really is a terrific opportunity to prepare you for next season or an upcoming summer camp in a great officiating environment. Great experience for all!!!
